

## 920 High pH Commercial Pre-Soak

SmartSoakerPro is an ultra-concentrated, high-pH liquid presoak formulated to degrease under the hood and undercarriage while safely removing exhaust deposits, road film, and bug residues from painted vehicle surfaces in one application. Economical, versatile, and eco-friendly, it uses biodegradable, phosphate-free detergents for streak-free, free-rinsing results at high dilution rates, washing up to 10x more vehicles per gallon. Apply manually, with high pressure, or foaming unit in hot or cold treated, reverse osmosis, natural, or structured water; allow 30-45 seconds dwell time after low-pH presoak in touchless systems and rinse with high-pressure water. Ideal for fleet truck/bus, truck leasing, truck, and train washes using friction or touchless drive-thru, gantry, or pressure washer systems; boost foaming with air injection.

**DANGER**  
 Causes Severe Skin Burns  
 & Eye Damage

**DO NOT STORE OR TRANSPORT**  
 at temperatures below 38° F or above 120° F.  
 product damage will occur

**DO NOT ADD WATER OR PRE-DILUTE.**  
 Product damage will occur.

**Available In:** 1 gallon (3.8L), 30 gallon (113.6L)

Smart Soaker Pro Contains: Sodium hydroxide (CAS# 1310-73-2), Sodium xylenesulfonate (CAS#1300-72-7), Lauryldimethylamine oxide (CAS# 1643-20-5)

### UN1824 Sodium Hydroxide Solution, 8, II

Do not handle until all safety precautions have been read and understood.

#### Precautionary Statement:

**Prevention:** Do not breathe dust/fume/gas/mist/vapors/spray. Wash hands, forearms and face thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection.

**Response:** IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. IF INHALED: Remove person to fresh air and keep comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor. Wash contaminated clothing before reuse.

**Storage:** Store locked up.

**Disposal:** Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation.
