

521 Solvent-Based Tire Dressing

SmartUltraGloss is a solvent-based, fast-drying, high-gloss silicone tire dressing with a summer berry scent. Water-resistant and safe to use, it rapidly develops gloss, penetrates, and protects tire surfaces from ozone, UV rays, and oxygen that cause cracking, dulling, or hardening. Easy to apply with a sprayer, cloth, sponge, or brush, it doesn't run, build up, or spin off tires; allow to penetrate and wipe off excess if needed. Cost-effective, a little goes a long way. Ideal for vehicle and commercial vehicle washing.
