

960 All Purpose Industrial Low pH

A dependable, low-pH touchless presoak for everyday two-step washing. Low pH Touchless Presoak handles the organic and mineral soil removal that makes touchless washing genuinely effective. The blue-tinted formula provides visible coverage confirmation during application, while the low-pH chemistry targets organic films, tree sap, and mineral deposits that alkaline presoaks miss. Properly diluted, it's safe on all OEM finishes and most aftermarket coatings.

Danger
 May be corrosive to metals
 Causes severe skin burns and eye damage

DO NOT STORE OR TRANSPORT
 at temperatures below 38° F or above 120° F.
 product damage will occur

SmartAPIL Contains: Citric acid, Sulfuric acid, Phosphoric acid

UN3264 Corrosive liquid, acidic, inorganic, n.o.s. (Phosphoric acid, Sulfuric acid), 8, II

Do not handle until all safety precautions have been read and understood.

Precautionary Statement:

Prevention: Keep only in original packaging. Do not breathe dusts or mists. Wash hands, forearms and face thoroughly after handling. Wear protective gloves, protective clothing, eye protection, face protection, and hearing protection.

Response: If swallowed: rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. If inhaled: Remove person to fresh air and keep comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor. Specific treatment (see supplemental first aid instruction on this label). Take off immediately all contaminated clothing and wash it before reuse. Absorb spillage to prevent material-damage.

Storage: Store locked up.

Disposal: Dispose of contents and/or container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulations.
